

NOT TO CHANGE TRAFFIC RULES

Maj. Pullman Says Accidents Are Not Due to Bad Laws.

No radical changes in traffic regulations of the District are contemplated as the result of the numerous accidents in the city recently. This statement comes from Maj. Pullman, superintendent of the police department, who has just returned from a survey of traffic conditions in New York, where on an average of two persons are being killed per day.

"In my recommendations of changes for the coming year, I shall not endorse any proposition which will effect radical changes in the traffic regulations now in operation," declared Maj. Pullman yesterday. "In my opinion, the law is not at fault. New York, with a set of the finest traffic regulations of any city in the country, is having the same trouble with street accidents that Washington is.

"There may be a few minor modifications of provisions, but no fundamental changes in the set of laws and regulations regarding street traffic, will be suggested by me."

What the police department does contemplate to minimize the number of street accidents is a well-planned educational campaign which will reach into the homes through the children at schools and will instruct

Tonight sure! Take Cascarets and
enjoy the nicest, gentlest liver and
bowel cleansing you ever experienced.

clean your thirty feet of bowels with-
out griping. You will wake up feeling
grand. Your head will be clear,
breath right, tongue clean, stomach
sweet, eyes bright, step elastic and
complexion rosy—they're wonderful.
Get a 10-cent box now at any drug
store. Mothers can safely give a
whole Cascaret to children any time
when cross, feverish, bilious, tongue
coated or constipated—they are harm-
less.—Adv.

the people of the city to exert more
care in crossing streets.
Shortage of labor in the city also is
cited as a cause of many of the ac-
cidents. Inexperienced chauffeurs are
finding many positions, and this com-
bined with congestion of street cross-
ings is pointed out as one of the rea-
sons for the string of accidents.

Suggestions as to the change of the
system of parking autos have been
carefully considered by the chief of
police. In the near future, it is
understood, parking regulations,
which come directly under the scope
of the police department, may under-
go some radical changes.

WOMEN TO CONSERVE WOOL FOR SOLDIERS

Saving Means Much to Men Going
Abroad, Says Mrs. Funk.

The conservation of wool was the
main issue discussed by the District
auxiliary of the Women's Liberty
Loan Committee at a meeting of
the National Council of Jewish Women
and 1,400 school teachers of Washing-
ton yesterday afternoon.

The plea for economy in the use of
wool was made by Mrs. Antoinette
Funk, vice chairman of the Women's
Liberty Loan Committee, in her ad-
dress to both bodies of women.

"American women, by readjusting
their wardrobe plans for the coming
winter, can save enough wool to sat-
isfy half the needs of our army,"
Mrs. Funk declared. "And the mild
climate of Washington makes such a
conservation of this war necessity
peculiarly easy in the District of Co-
lumbia."

"This is purely a woman's economy."
The men cannot help to any great
extent, because there are few substitu-
tes for wool that are suitable for
men's clothing. Women, however,
may almost eliminate wool from their
wardrobes. A woman who has no
fur coat and cannot afford one must,
of course, be supplied with an outer
covering of wool. But the possibili-
ties of saving underneath the over-
coat are almost unlimited. All that
is really needed is an old woolen
skirt for rainy weather. Substitute
silk and cotton products wherever
possible. Silk is cheaper than wool
and more comfortable.

Saving means much to men going
abroad, says Mrs. Funk.

Negro Soldier Pays \$40 Fine for Speeding

For the second time within two
weeks a member of the armed forces
of the country has been assessed a
heavy fine for violating the traffic
regulations. This time it was a col-
ored soldier, Corp. Liggett Lyles,
First Separate Battalion, D. C. G.
He was fined \$40 for speeding and
failing to stop his vehicle upon be-
ing ordered to do so by a police of-
ficer.

Policeman Thomas, of the Fifth
precinct, arrested the soldier after
having to commandeer an auto to
overtake the fast moving truck driv-
en by him. The colored man was
driving more than twenty-five miles
an hour and was determined not to
be caught.

Owners Ask Police To Aid Quest for Two Lost or Stolen Horses

Two horses have gone on a va-
cation, according to reports to the
police yesterday by the respective
owners.

Mrs. Alonzo S. West, 108 Ridge
road, Benning, told the police that
her sorrel horse was either stolen
or had strayed from the pasture in
the rear of her home sometime
Sunday. The animal is valued at
\$50.

That his bay horse was stolen
or had strayed Sunday afternoon
from his home at Bradbury
Heights, Md., was reported yester-
day by Walter F. Dixon. The
animal is worth \$250, according to
Dixon.

Eat Grass, Is Decree For Strike-Breaker

Buenos Aires, Oct. 8.—The railroad
strike has its amusing incidents. One
occurred today, but before it can be
told it must be explained that "scabs"
in the Argentine language are termed
"sheep."

A crowd of strikers today seized a
"scabbing" station master, undressed
him, then garbed him in sheep skin
and decreed that he must eat grass
and drink dirty water for three days.

WON BY SONG TO U. S. COLORS

Nebraska's Governor Will
Quit Office for Field
Service.

When Brig. Gen. George Harries, for-
mer District regimental and brigade
commander and member of the Na-
tional Press Club, wrote "Nebraska
Over All" in honor of the brigade
he is commanding, in the present con-
flict, he won a governor to cele-
brate.

That governor was Keith Neville,
of Nebraska, the youngest executive
in the nation, a son of the late Re-
presentative Neville, of his home State.
Announcement has just been made
that Gov. Neville has accepted the
colonelcy of the Seventh Nebraska
Regiment, now being organized, and
that he will resign his office just as
soon as the regiment is taken into
the Federal service.

Youngest Governor.
Gov. Neville is 31 years old. He
defeated former Secretary of State
Bryan's brother for the Democratic
nomination and then, without Bryan's
support, was elected to the gubernatorial
chair in his State.

The son which the former Wash-
ingtonian wrote was inspired from his
contact with Nebraska while serving
as general manager of the Omaha
Gas and Electric Light Company. It
runs in the tune of "Partant Pour
la Syrie," as follows:

Nebraska Over All.
We're out to fight for Uncle Sam and
all that he may ask;
We do not give a confounded whoop
for any other task.
We do his will, without complaint,
whatever may befall;
We're soldiers form the Foodstuff
State—Nebraska over all!

We come from where the prairie
roll, beyond Big Muddy's banks,
Where Nature yields her increase
great and all save foes give
thanks;
Where Corn is king and Wheat is
queen; where free men never
crawl;
We're soldiers form the Foodstuff
State—Nebraska over all!

To do our duty we shall strive, where-
ever we may roam,
And never cause a blush of shame
upon the cheeks at home.
We'll do our best at any front on
this terrestrial ball—
We're soldiers form the Foodstuff
State—Nebraska over all!

Nebraska fair! To thee we pledge
what our hearts have to give;
Thy star—with all our other stars—
shall guide us while we live.
Our hearts are strong, our love is
great, we're answering Freedom's
call;
We're soldiers form the Foodstuff
State—Nebraska over all!
